## Silvermark Corner

Did you know that every one of us at Silvermark, Inc. volunteers in our local community and schools?

Ron, Sally, Kristin and Liz have already volunteered over 400 hours between September and March of this year! We never stop moving.

# Newsletter - Shredding Event

**Dear Client,**

What happened to winter and where did the time go? It is hard to believe that we are already in March with blossoms budding and allergies starting. Tax season is fast approaching and it is time to purge those returns from 2007 and prior. It's a good thing we are having a shredding event on April 11th! You can get the details in this newsletter as well other important information. Enjoy the light read and we look forward to seeing you at the shredding event!

Sincerely,

Silvermark, Inc.

Sally Rodgers, President  
Ron Rodgers, CEO  
Kristin Johansen, Corporate Manager  
Elizabeth McDanold, HR/Accountant

## Now What Was That Number?

You see it on the news and hope it will never happen to you. According to [F.B.I Uniform Property Crime Reports for 2013](#), there were an estimated 8,632,512 property crime offenses in the nation. Of those

crimes, larceny theft accounted for 69.6%. Burglary accounted for 22.3 percent and motor vehicle theft for 8.1 percent. Unfortunately, those property crimes resulted in a estimated loss of \$16.6 billion. There are [measures you can take](#) to deter burglars from your home such as, installing an alarm system, maintaining your yard, and many more. There is a very important step many of us overlook to protect our belongings, especially if they are lost or stolen. When items are turned in or located by the police, they try very hard to return the items to their original owners. That task can be challenging especially if, for example, they have five mini I-Pads in the color black. How do they know which one is yours? Easy - you recorded and provided law enforcement with the serial number! Silvermark, Inc. wants to make it easier for you to protect your valuables. We have a [Serial Number Recording form](#) for you to record the make, model and serial number of your electronics. When you complete it you will want to store it in a safe place and one such place is with us, your insurance agent. We will keep your form with your file so that it will always be secure and available should you ever need it or update it.

## In Case of an Emergency...

**Who You Gonna Call?**

Let's face it, emergencies can happen even when we take all the necessary means to prevent them. If an emergency does occur, we want to be able to reach you quickly. Silvermark, Inc. has an Emergency Contact Program for our clients to help prevent disasters. We have successfully used this program in the past and want to remind you of a valuable, free service available to you. Here is [The Emergency Contact Form](#) for you to complete and return to Silvermark, Inc. at your earliest convenience. This form is attached to your confidential file and aides us in getting your insurance protection rolling immediately should an emergency arise. It is one more measure you can take to protect what matters most.

## Save the Date!

Sterling Johnston & Associates is joining Silvermark, Inc. this year in providing a shredding event from 10:00 am until 1:00 pm on Saturday, April 11, 2015.

This event is free with no limit. Start clearing out your files and rounding up that junk mail for proper disposal on-site through LeMay Mobile Shredding. Don't forget to let friends, family and everyone you know that has documents needing to be shredded.

Look for the signs.

See you soon!
